Quoting Tool For Tapping Industry

Client Name: Rangeline Group

rangeline.com

Features:

- Estimate Management
- Quote Management
- Job Management
- Customized Setup Process for every entity
- Reports
- Dashboard
- User Management
- Notification
- Integration with Sage and QuickBooks

Description:

Quotes can be generated for multiple companies based on different locations. Items in quote can be grouped and pricing of quote can view group wise. Every salesperson can see his own quote once the estimate is converted to quote salesperson would be notified for the approval of the quote salesperson can adjust the margin based on the assigned limit how much margin can be increased/decreased. Based on the increase/decrease of the margin quote details are auto adjusted in items pricing. Quote can be reverted back to estimate for changes version history of the quote is maintained at some point if customer says he want to select version 2 of the quote from the quote user can select version 2 and apply that would be finalized and salesperson can then convert that quote to job on conversion of the job say there are 3 groups and customer has asked to approve two groups salesperson can select 2 groups and covert that to the job that would impact only total pricing for only 2 groups.

Reports for Estimate, Quote and Version history of the quotes are available.

When Quote is converted to job quote will be pushed to sage/QuickBooks. Our integration is not limited to syncing the quote once the items are added or updated in the quoting tool it will sync that also. Salesperson would also be mapped in the sage/QuickBooks.
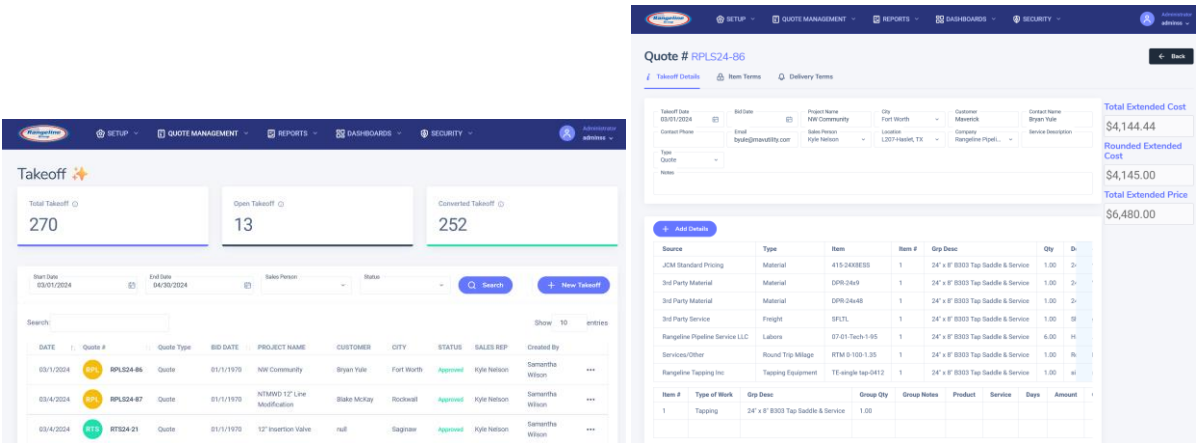

Setups are available for Salesperson, City, Company, Terms & Condition's of company, Locations, Vendor, Work Type, Delivery Terms, Terms Section, Tap Sizes, Pipe Type, Pipe Class, Item Category, Item Type, Item Source, Item Terms, Items, Bulk Import of Items.

Just a sample on how we bring color to your metal parts!

ABOUT COMPANY

Metal Spray Painting, Inc. was established in 1960 in Miami, Florida, by Herb Landi, due to requests in the marketplace for metal finishing. The business grew steadily in Miami over a span of 30 years. As more and more business was coming from Broward County, the company relocated to a larger facility in Ft. Lauderdale in 1990.

In 1995, after many requests for powder coating, we moved into a 10,000 square foot facility, housing powder coating and wet spray equipment. In 1996, Michael Landi, Herb's son took over operations and ownership of the company. In 2022 Metal Spray was purchased by American Finishers while keeping the Landi legacy intact.
